Teams	DPA_3Arundel	Rebecca Nicholson Yesterday 842 AM DPA_3Arundel Here is the daily mathematics challenge. All the learning this week is a revision of learning we did in the Autumn term. The	26	3			
Assignments	General	is to work through either with an adult or on your own to help you revise the learning, it does not need to be recorded on. The word document is the challenge sheet for you to complete. Please download the document and edit it before uploading it into your own file. If need any help with today's learning challenge please tag me on the general page. A new challenge will be shared with you tomorrow. Here

Files		Today					
	Retects Nicholson 8:11 AM Good morning DPA_3Anundel we are continuing with our revision of place value today. Today we will be looking at numbers to 1000. https://www.bbcc.out/betiesizyanticles/zb86139 Here is a 8Bc daily lesson that supports the learning for today. Attached is also the PPT and word document. Today I have tried two word documents, one I have inserted the text boxes into and the other you would need to add them on. Iel tere know which one you think is easier to edit as I know there were some issues yesterday with editing when I have and already inserted the See more
